LUIZ PEREIRA

+55 (79) 988368471

luizfelipesantospereira01@gmail.com

Highly motivated and results-oriented web developer with experience developing web applications using React and Node.js. Strong collaboration skills, having worked with cross-functional teams to deliver projects that meet or exceed client expectations. Looking for a challenging role in a dynamic environment where I can use my technical skills and contribute to the company's growth.

EXPERIENCE

Front End Developer	Softeam	August 2022 - Current
<ul style="list-style-type: none">Developed and maintained several web apps using React and Node.js, resulting in better user experience and greater efficiency for customers.Collaborated with cross-functional teams, including designers and product managers, to conceptualize and release new features that exceeded customer expectations.I contributed to the implementation of agile methodologies to streamline software development processes, resulting in a reduction in project completion time.		
Front End Developer	Freelancer	October 2021 - August 2022
<ul style="list-style-type: none">I used React and Redux to create dynamic user interfaces, ensuring fast and seamless navigation for users.Worked closely with backend developers to integrate APIs and ensure seamless data exchange between frontend and backend.
